## Yeasts for Global Happiness

The 14th International Congress on Yeasts (ICY14) is sponsored by the International Commission on Yeasts as part of the International Union of Microbiological Societies (IUMS). The ICY has been held once every four years since 1955. It provides an opportunity for presenting the latest research progress in yeast metabolism, physiology, genetics, genomics, regulation, ecology, systematics, phylogeny, food and beverage applications, biofuel production and clinical applications.

# ICY 2016

## Keynote Lecture:

The 2013 Nobel Prize for Physiology or Medicine Dr. Randy W. Schekman (UC Berkeley)

## Tentative Topics (plus poster sessions and special events...)

### Workshops

- \*Non-conventional Yeasts
- \*Imaging Technology
- \*Interactions with Yeasts
- \*Yeast Fermentation in Asia

### Sessions

- \*Taxonomy, Systematics and Ecology
- \*Stress Response and Tolerance
- \*Chromatin, Cell cycle and Sporulation
- \*Organelle, Membrane traffic and Autophagy
- \*Signaling, Sensing and Gene expression
- \*Production and Quality control of Proteins
- \*Yeast in Health Science
- \*Food and Beverage
- \*Bioenergy and Biofuels
- \*Systems and Synthetic Biology
