

27° INTERNATIONAL CONFERENCE ON YEAST GENETICS AND MOLECULAR BIOLOGY

Levico Terme (Trento, Italy) 7-12 September 2015

Co-organized by the Italian and the Ukrainian
Scientific Communities

Topics of Plenary Sessions:

- DNA replication and cell cycle
- Gene expression: from epigenetic regulation to mRNA stability
- Growth control and metabolism
- Mutagenesis: DNA damage and repair
- Autophagy, cell death and ageing
- Yeast and industrial biotechnology
- Yeast as a model for human diseases and drug testing
- Interplay and dynamics of organelles

Special Symposium:

- Towards a molecular yeast whole-cell model
- Yeast Evolutionary Ecological Genomics

Confirmed speakers:

A. Aguilera (Spain), N. Barkai (Israel), E. Boles (Germany), G. Brown (Canada), T. Carr (UK), A. Chacinska (Poland), M. Escobar-Henriques (Germany), M. Heinemann (The Netherlands), A.
